Dear Ladies and Gentlemen,

in case of a return please fill out this document obligatory and send it with the product. This makes the assignment of the product as well as the returns processing and possible error analysis easier. Without a completed document the return cannot be arranged. We ask for your understanding.

The cost for the inspection will be charged at **85,00 €** and will be refunded if the return is justified (e.g. warranty, transport damage). In case of an unjustified return (e.g. self-inflicted) the costs will be offset against the costs of repair, if repair is desired.
