## KOOI® REACHFORKS | multi pallet handler DVV

Attachments

Weighing systems

Camera systems

### Features:

- ▶ Piston rods of the adjustment cylinders integrated and protected
- ▶ 'Integra' body design: durability and maximum operational safety
- ▶ KOOI® Reachforks bolted on
- ▶ Round PA wear bushings for a large contact surface
- ▶ 6 mm wear strip integrated into the outer fork

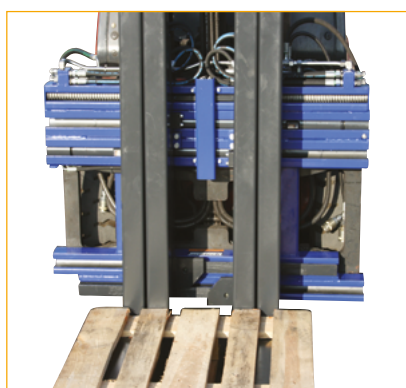

# KOOI® REACHFORKS | multi pallet handler DVV

With unrestricted visibility

With these devices, several pallets can be transported side by side and one behind the other. This combination saves a lot of time when handling large numbers of pallets. A Euro pallet can also be picked up lengthways with the special narrow KOOI® Reachforks.

## Features:

- Piston rods of the adjustment cylinders integrated and protected
- 'Integra' body design: durability and maximum operational safety
- KOOI® Reachforks bolted on
- Round PA wear bushings for a large contact surface
- 6 mm wear strip integrated into the outer fork

V2A compression spring (no gas pressure cylinders)

KOOI® Reachforks bolted on

## KOOI® Reachforks with multi pallet handler incl. sep. sideshift and solenoid valve (2 hydr. funct. + 1 electr.)
